| 21 | The way the council employs grounds people to do a sub standard job of cutting the grass and leaving the long cuttings. It is really difficult to walk on as you get clogged up with lumps of grass. They leave it until it gets really long then cut it. It just leaves straw stubble and even with a blanket it is hard to sit on comfortably. Lack of maintenance overall. Lack of security. | 3/23/2026 10:03 PM |

| 160 | The older children hanging about causing problems being rather anti-social. Teenagers have been using electric bikes which is noisy and can be dangerous.                                                                                        | 2/17/2026 12:51 AM |
| 161 | I get a little concerned with how intimidating the youths can be and get frustrated when they damage things, which is often. They cut a tree down in the middle of the bushes which separates the two areas and they are causing havoc in there. | 2/17/2026 12:32 AM |

| 163 | It is very limited, would be good to have a track going around the perimeter of the park for walking, skating and biking. Could be a bit nature orientated and maybe with different features.                                                    | 2/16/2026 9:57 PM  |

| 193 | The skatepark area is terrible and you have to walk on wet grass to get there. The basketball courts idea is gritty and dangerous to slip on. The toilets are also not safe for young children to use on their own.                                                                  | 2/14/2026 4:23 PM  |

| 525 | It's very boggy and unusable during winter or prolonged periods of wet weather. Skatepark is tucked out the way so has to walk through the muddy / dewy grass making it more unsafe to skate once they have reached there. Skatepark is not safe due to construction methods and materials. Toilet facilities are often shut. | 1/25/2026 10:35 PM |
| 526 | It gets very muddy and unusable when there's alot of rain.                                                                                                                                                                                                                                                                    | 1/25/2026 10:30 PM |

| 553 | The community club is NOT used for what it was originally built for. It was for the youth and community of Bembridge with a thriving youth club consisting of many events over the whole week. table tennis, pool, darts, football, badminton and many more activities. A snack bar, and Christmas dinners put on for the youth and committee. This kept the youth of the village occupied and entertained. Unfortunately it was unable to move with the times due to lack of funds and help. It is unbelievable that money is now found for this proposed project Who will be responsible for the policing of the new 3d pitch etc. The memorial garden to Andrew Swallow and all from the Island who lost their lives in the Falklands war is consecrated ground which was done at the time the garden was done. It must stay. | 1/25/2026 12:07 PM |
