Biffa Bins

The Lengthsmen have requested a larger bin for their yard. The current one is not adequate and often leads to problems fitting in all of the weekly waste from the park/cemeteries/around the village. This can lead to waste being stored in the yard, which is not acceptable.

The request is for the bin to be upgraded from 660L to 1100L.

A cost comparison is provided below from Biffa.

	Current Service	New Service
Container Type	660L WHEELIE BIN	1100L WHEELIE BIN
Mode	TRADE-WASTE	TRADE-WASTE
Container Quantity	1	1
Visits Per Week	1	1
Contract Offer	STANDARD	STANDARD
Site Visit	NO	NO
Price Per Lift	£23.98	£39.97
Rental Per Day	£0.29	£0.29
Invoice Frequency	Arrears Invoicing	Arrears Invoicing
Invoice Type	1 – All inclusive	1 – All inclusive
Assumed Weight	kg	0 kg
Average Weight (kg)	67kg	111.6667kg
Average Service Charge	£23.98	£39.97
Rate Per m³	£36.33	£36.34
Immediate Change		<input checked="" type="checkbox"/>

The additional weekly charge will be £15.99 and will result in an overspend in the 23/24 budget for 'Waste' of approx. £830.

Despite the overspend we feel that the new bin will be beneficial for the work of the Lengthsmen and that if the Council agree to the upgrade, then we would endeavour to identify savings within the 'General Maintenance' budget to offset as much of the overspend in 'Waste' as possible.
